Dear Colleagues,

Companions of St Andrew's
at the London Inter Faith Centre

Following my summer newsletter to the Synod, I am writing to request that your Elders' Meeting consider appointing a member of your church community to take on a special relationship with St Andrew's at the London Inter Faith Centre. This would involve

- **Joining us for worship once or twice a year and occasionally sharing cheerful news what your church is doing.**
Like so many of our churches, St Andrew's is a small and ageing congregation, but it is an essential part of the ecumenical/inter faith work here. The members have had a longish vacancy and feel a bit out of touch with the wider URC.
- **Receiving news of Inter Faith activities here** – workshops, study groups, seminars, concerts.....with a view to attending whatever may be of interest and passing on news to others
- **Reporting back to your church** as and when on the Inter Faith connection.

The role would suit someone who was passionate about Inter Faith work. I would aim to meet your nominee to talk through their possible involvement before asking them to make a definite commitment.

A good place for someone to get a 'taster' would be our special service for national Inter Faith Week (see over).

Sincere thanks for giving attention to this amid the welter of demands we all face.

Maggie Hindley
